5. This opens a modal dialog requesting confirmation, as well as a note explaining the Anchor the Company registration process from BrainChain's end:

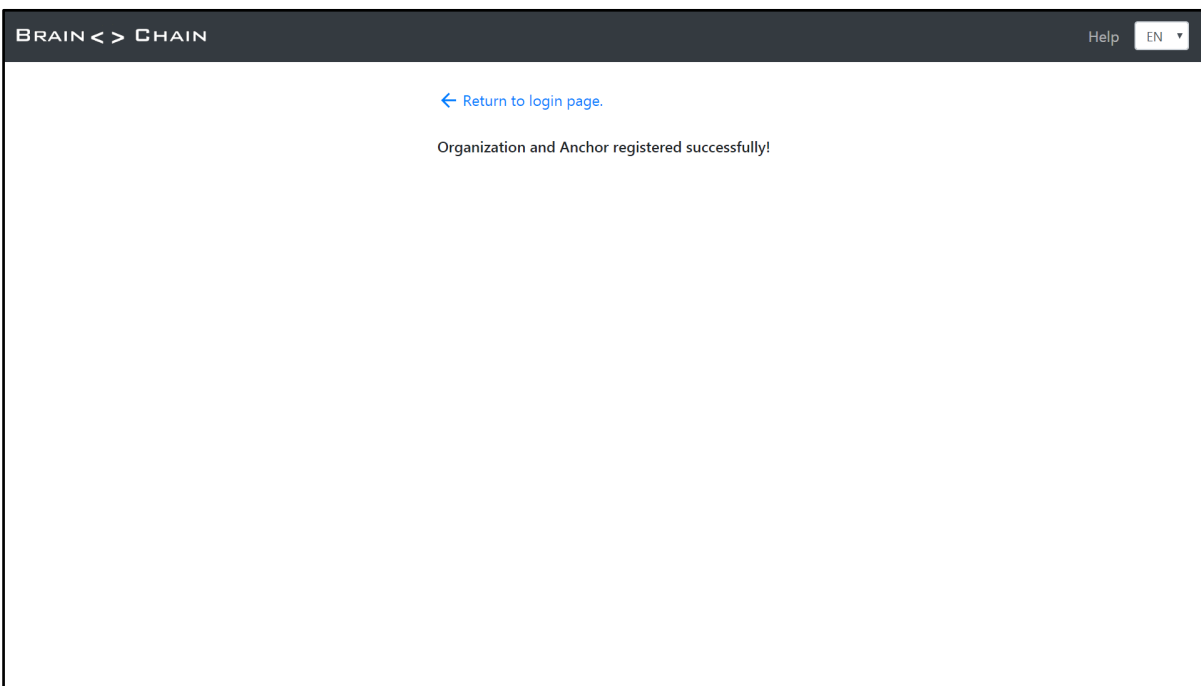

The screenshot shows a registration form with a modal dialog box. The form fields include:

- Financial data: Enter financial data here...
- Address:
 - Region* (dropdown)
 - Country* (dropdown)
 - City* (text input): Minsk
 - Postal* (text input): 220141
 - Street* (text input): Russianova
- Anchor:
 - Email* (text input): anchor@new.org
 - First name* (text input): Anchor
 - Last name* (text input): New

The modal dialog box contains the following text: "Functionality won't be available until company is validated by Sys Admin. The process of validation will be finished after a wire from your company." It has two buttons: "Cancel" and "Proceed". A "Register" button is located at the bottom right of the form.

To continue Anchor should click on the "Proceed" button.

6. A registration confirmation is then shown to the Anchor:

Note:

- In the background, an activation Email is sent by BrainChain to the provided Anchor Email address. Only *after* the Anchor activated their account via that link, the **anchor** registration process is duly finished.
- The Next step is **Organization Validation**; this is an *internal* BrainChain step where self-registered Organizations are checked & validated by the BrainChain Sys Admin. Only after this final validation the Organization registration is fully finished.
